Dumaguete City, Negros Oriental

## OBJECTIVE

---

A Fourth-Year Computer Science student with hands-on experience developing full-stack web applications and a strong foundation in IT support. Through academic projects and self-directed learning, I have developed technical, analytical, and problem-solving skills while gaining experience with modern development tools and technologies. I am eager to contribute to a professional IT team, expand my technical knowledge, and gain valuable hands-on experience through an On-the-Job Training opportunity.

## EDUCATION

---

2023 – Present **Bachelor of Science in Computer Science**  
Negros Oriental State  
University

## TECHNICAL SKILLS

---

**Programming Languages:** TypeScript, JavaScript, PHP, HTML, CSS, C++  
**Frontend:** React, Twig, Tailwind CSS  
**Backend & Database:** Symfony, Doctrine ORM, Supabase, PostgreSQL  
**Development Tools:** Git, GitHub, Docker, VS Code, Vercel  
**AI Productivity Tools:** ChatGPT, Claude, Lovable

## PROJECT

---

### Sibulan Market Pay

*React | TypeScript | Supabase | Vercel*

- Built using React, TypeScript, Supabase, and Vercel.
- Designed an offline-first payment collection workflow.
- Implemented chatbot support for low-connectivity environments.
- Developed PostgreSQL database structure and synchronization logic.

### Car Rental Management System

*PHP | Symfony | Doctrine ORM | Twig | Tailwind CSS | Docker*

- Developed a web-based car rental management system with customer, staff, and admin portals.
- Implemented car inventory, rental requests, walk-in rentals, customer records, and staff management features.
- Built role-based authentication, activity logging, and database-backed rental tracking using Symfony and Doctrine ORM.
- Developed CRUD functionality and database relationships for vehicles, rentals, and customer management.

## WHAT I CAN OFFER

---

- Able to build and ship web apps using modern JavaScript and TypeScript tools.
- Comfortable using AI tools to prototype and debug efficiently.
- Self-taught developer with experience rapidly learning and adopting new technologies.
- Strong adaptability and willingness to learn.
